

Information on Transition of Care Instructions

Welcome to CareFirst

One of your concerns as you seek enrollment in a CareFirst BlueCross BlueShield (CareFirst) and/or CareFirst BlueChoice, Inc. (CareFirst BlueChoice) plan may be continuity of treatment. CareFirst and CareFirst BlueChoice members and their covered dependent(s) who receive care from an out-of-network physician for an unstable or serious medical condition may be eligible for the Transition of Care program.

What is Transition of Care?

In order to ensure continuity of treatment, CareFirst and CareFirst BlueChoice offer a special program called Transition of Care. If your request is approved, the Transition of Care program allows you or your covered dependent(s) to continue to receive care from an out-of-network physician for up to 90 days following the date of enrollment. Benefits will be paid at the in-network level (i.e., minimal copayments and no calendar year deductible.)

Who should use this form?

If you or your covered dependent(s) have an unstable or serious medical condition that requires a limited course of treatment or follow-up care, and are currently being treated by a specialist who is not a CareFirst and/or CareFirst BlueChoice participating provider, you should complete this form. Information is required from both you and your physician.

Please be sure to submit a separate form for each non-participating physician currently treating you or your covered dependent(s) for an unstable or serious medical condition. Your newly selected participating CareFirst and/or CareFirst BlueChoice physician must coordinate any other unrelated treatment for you or your covered dependent(s).

Note: If the physician treating your condition participates in the CareFirst and/or CareFirst BlueChoice network, it is not necessary to complete this form. Instead, contact your new primary care physician to discuss the current treatment.

Examples of medical conditions that may qualify for the Transition of Care program include:

- Pregnancy (beyond 24 weeks gestation)
- Bone fractures
- Recent heart attack
- Other acute trauma or surgery
- Joint replacement
- Newly diagnosed cancer

Examples of chronic medical condition that typically are not eligible for the Transition of Care program include:

- Allergies
- Arthritis
- Asthma
- COPD/emphysema
- Diabetes
- Hypertension

Please complete the Employee/Retiree Information and Patient Information sections on the other side of this form. Also, have the physician complete the Physician Information section. Return the form to the following address **before the effective date of your coverage**. No forms will be accepted after that date.

Qualified medical professionals in the CareFirst and CareFirst BlueChoice Care Management Department will review the request and notify your provider of a determination by phone within two business days following the receipt of all required information. If the services are not approved, you and your provider will also be notified in writing.
