MAKE THE MOST OF YOUR TIME AT HOME!

These easy DIY home improvement projects can help you fall in love with your space again

Paint you walls

Whether you choose a bright white to make a small room feel larger or an inky blue for a dramatic effect, there's nothing like a fresh coat of paint to make a space feel new. Feel adventurous? Add a pop of color to your ceiling too.

Spruce up your porch

A new doormat and pretty planter can lend your front entrance a fresh new look and curb appeal.

Pressure wash your exterior

You'll be amazed by how much dirt and grime washes away from your house, porch, patio and driveway.

Updated cabinet knobs and pulls

New hardware can make an older kitchen or bathroom vanity feel modern again. Look for an updated finish that speaks to your style.

Rearrange your furniture

With a few shifts, you may find a space configuration that works better for your space. Don't be afraid to mix furniture and accessories from different parts of your home.

Get organized

De-clutter and take stock of your belongings. A few floating shelves or pretty wicker baskets can make a big impact on your storage needs.

Make your home smarter

From light-bulbs that connect to an app, to smart thermostats and camera-enabled doorbells, some new technology can help introduce greater function to your home.

And of course, no matter how you DIY your digs, Farmers GroupSelectSM is here to make sure they're protected if the unexpected occurs. As an employee, you have access to customized coverage through Farmers GroupSelect.
